

Overview

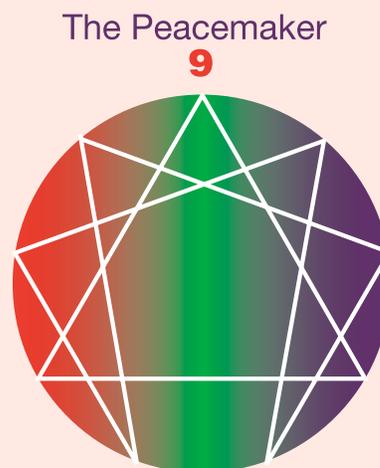

As a Type 9 woman, you are peaceful, non-judgmental, approachable, and agreeable. More importantly, you want to be calm and avoid conflict at all cost. You see yourself as accepting, unassuming, and laid-back. You would like others to see you as humble, easygoing, and approachable. Your idealized image is that you are content and harmonious.

Desiring union, harmony, and unconditional love, you get along with most people that you meet. Considerate and gentle, you have an innate ability to make people feel comfortable and at ease. You are very accepting and readily empathize with others. Focused on the well being of others, you may at times lose sight of your own agenda. More intellectual than you let on, you have a natural gift for seeing many different points of view. You are able to see all the shades of gray in any given situation and have a way of diffusing conflict and being calm and steady in a crisis. Focusing on similarities rather than differences, you make an excellent mediator and peacemaker.

You don't want to be drawn into conflict and avoid being pressured to react. Self-forgetting by nature, you repress your anger and neglect your needs in order to avoid the discomfort that comes with conflict. Because you may lose yourself in life's simple pleasures, the needs of others, or the basic task of living, you may never go after what you truly want. You may struggle to find your one true passion. At times, you may be complacent and minimize anything that is upsetting.

Often the strong silent type, you have the power of patience, persistence, and

resistance. You see yourself as having stamina and take pride in your ability to endure. You tend to procrastinate and take longer than others to make up your mind. When you do make a decision, you are like an unstoppable elephant pursuing its goals. Not one to self-promote, you would rather be discovered than announce yourself. Others may underestimate you due to your casual and nonchalant attitude. This is nearly always a mistake – one that you are happy to let others make because you prefer not to flaunt your talents or appear egotistical.

Your path to personal transformation requires that you define your values and take a stand for what you believe is important – regardless of the conflict it may cause. Indecisiveness and a fear of upsetting people can prevent you from fully experiencing life.
